Articles so marked will not be replaced by the Midshipmen Store if they do not fit.

c. Articles of uniform and equipment will be maintained at all times in quantities no less than those prescribed by the minimum clothing requirement.

3. PROCUREMENT OF UNIFORMS.

a. Clothing such as service dress uniforms, reefers, and overcoats will be procured at such time and in such quantity as directed by the Commandant of Midshipmen.

b. The responsibility for delivery and acceptance of uniforms lies with the Officer Inspector of Uniforms.

The lower arm of the stock will be outboard.

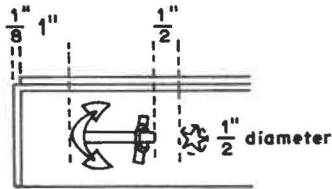

b. Star Insignia. Midshipmen who by separate notice are authorized to wear distinguishing stars for academic achievement will be issued one set of stars by the Repair Tailor Shop.

Midshipmen awards, such as Naval Academy athletic medals, will not be worn on the military uniforms except as noted under paragraphs 7 and 9 of this instruction.

b. Ribbons will be worn in horizontal rows in multiples of three. If not in multiples of three the uppermost row will contain the lesser number, the center of this row to be over the center of the row below it. There will be no interval between ribbons or rows of ribbons. The lower edge of the bottom row will be centered approximately 1/4 inch above the left breast pocket.

c. Large medals will be worn on full dress uniforms. The holding bar of the lowest row of medals will be located in the same position as the lowest ribbon bar. f. The Navy "E" shall be a block letter "E" 5/8 high and 1/2" wide; to be worn centered on the outer face of the right sleeve, midway between shoulder and elbow or 1" below the Midshipman Petty Officer insignia. (4) Other insignia for designating YP Squadron duties will be worn uniformly on the right breast of the parka.

8. CLASS RINGS.

a. The Naval Academy class ring is a symbol which, through the years, has signified the successful and honorable completion of the course of instruction and the receipt of a Naval Academy diploma. To the graduate, the class ring becomes a symbol of honor, loyalty, and devotion to duty in keeping with the highest traditions of the Naval Service and high standards demanded of its officers. Midshipmen of each class may, during their second class year, purchase a class ring. This ring will be designed and contracted for as outlined in these regulations. The policy set forth in the following paragraphs will govern an individual's right to obtain and wear a class ring.

b. A midshipman who does not graduate and receive a diploma, for any reason whatsoever, is not eligible to retain a class ring. A graduate may retain his ring even though he does not thereafter remain in active service. In case a midshipman is turned back, he will be required to return his ring to the manufacturer and may then order the ring of his new class. Miniatures purchased through the contract manufacturer may be returned at the contract agreed price.

c. All contracts for class rings will contain specific provisions requiring the manufacturer to:

(1) Issue rings only upon the order of the accredited class representative.

(2) Accept the return of the ring and miniature, and refund the amount agreed in the contract for class rings and miniatures, should any owner become ineligible to retain his ring, or die, prior to graduation.

d. The family of any deceased midshipman who was eligible to wear the Naval Academy class ring may retain the ring if they so desire.

e. In conformity with custom, the ring may be worn beginning with the Ring Dance at the end of second class year.

9. ATHLETIC AWARDS.

a. Upon the announcement of athletic awards by the Superintendent, midshipmen are authorized to receive the following services:

(1) To have appropriate insignia sewn on regulation sweaters by making verbal request to the Repair Tailor Shop. Only one award may be worn on a sweater, and it will be the highest award received.

(2) To have appropriate insignia sewn on bathrobes at the Repair Tailor Shop.

b. Midshipmen who have earned a varsity N or N-Star shall wear on the Dress, Service and Tropical White uniforms an 11/32" gold letter N.
